A REPORT ON ACADEMICS

The Annual Report of Marian School of Excellence, IAF Avadi, articulates and demonstrates the dynamic nature of our school and our commitment to excellence.

The report also provides some idea about the way resources have been used to provide quality teaching and learning environments for our children during this covid period.

The school collectively has an enthusiastic and dedicated team of 16 teachers in the Secondary, the Primary and the Pre-Primary sections.

In addition, we have Non-Teaching and supporting staff. Their coordination with each other is what enables the school to function smoothly and grow with new perspectives. Innovation is the change that unlocks new value which leads to success.

The school continues to strive towards innovation and for that the latest practices in the field of education are being continuously incorporated.

Our Shared Beliefs on Teaching and Learning

Children learn in an environment that is inclusive, safe and where they feel valued and supported. Learning experiences should respect and accommodate differences between learners.

Parents, teachers and students share common goals, interact positively and are mutually supportive. Learning should be meaningful, enjoyable, relevant and consistent with the background of the student.

Parents and teachers work in partnership to develop students who are independent, self-reflective and responsible. Parents, teachers and students share and actively promote essential community values.

Academics is the core focus of our school. All the possible efforts have been taken and, we will continue to take, to ensure academic excellence in our school. We believe that excellence in academics is the hall mark of our school, as a good institution

REPORT ON CO-CURRICULAR & EXTRA CURRICULAR ACTIVITIES

Our biggest achievement in the session 2021-22 was to conduct the online classes successfully with the helping hand of the parents. Keeping in view the BEST standards in education, the child's academic performance was measured in a series of Formative and Summative examinations with a lot of emphasis on learning through doing process.

The academic year 2021-2022 commenced with the exclusive online classes initially, later a hybrid model of online as well as face to face classes were introduced.

The school celebrated 152nd birth anniversary to commemorate the birthday of Mohandas Karamchand Gandhi. Various online activities were held Workshops and Seminars encourage new ideas and facilitate innovation, experimentation, knowledge, skills and personality development. A number of enrichment programmes for teachers were organized.
